LINEAMIENTO DE EXHIBICIÓN

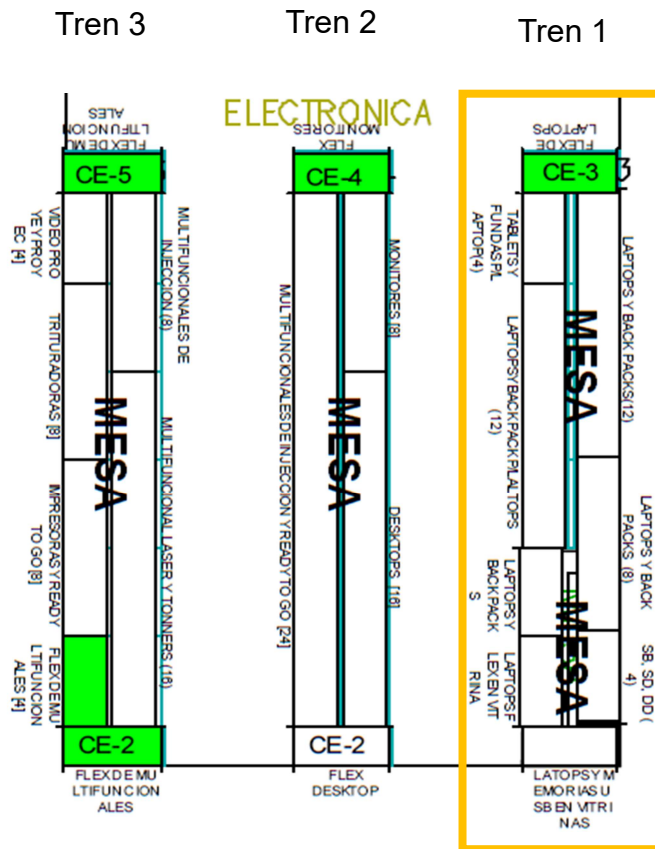

- El criterio para definir la mesa principal será ubicándonos en la puerta de entrada de la tienda, la primera que encuentres.
- Una vez definida la mesa principal, a partir de ahí comenzaremos a mercadear las Lap Top.
- El mercadeo se hará por Price Point y puede variar conforme a las existencias de la Sucursal.
- En cuanto vaya siendo menor el inventario, iremos concentrando y distribuyendo los equipos de tal manera visualmente, se elimine la sensación de vacío y las mesas de enfrente queden con más producto.
- Los espacios que queden entre productos, si se perciben muy amplios, se podrán complementar con accesorios que complementen la venta del equipo.

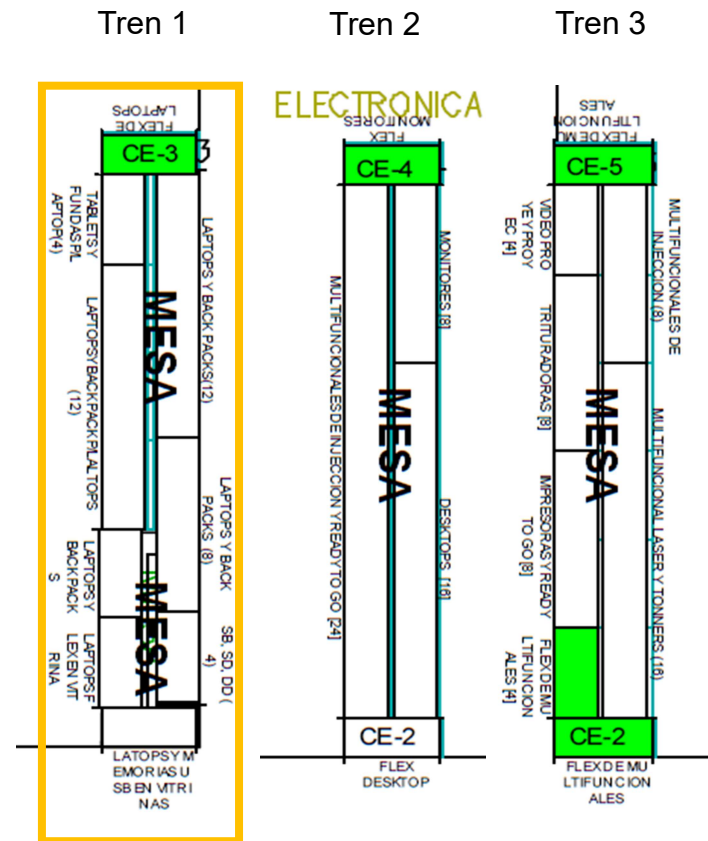

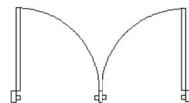

En el área de tecno, tenemos 2 tipos de exhibición, 4 trenes y 3 trenes

El primer paso es Ubicar la cabecera principal tomando como referencia la entrada de la tienda
